

Dear Parents and Guardians,

You are cordially invited to our parent's presentation at the MBIS Early Years Centre on Tuesday the 12th of January 2010 at 2pm. As our worldwide program will be offered as a part of the MBIS school club, this is a perfect chance to know all about our academy and curriculum. Please find some information about us below:

Who are we?

Helen O'Grady brings more than 30 years of international experience in building students **self esteem, confidence and communication skills** around the globe. The Academy's self development program currently operates in 1500 locations globally with over 50,000 students enrolled in our worldwide branches including: USA, UK, Spain, Ireland, Georgia, Australia, New Zealand, South Africa, China, Singapore, Malaysia,----etc and now in Egypt. Our program in Cairo has been running in and endorsed by top schools in Cairo.

Our Program:

The Helen O'Grady Drama Academy has found that drama can make a distinct difference in the lives of young people. The Academy provides its young people with a self-development program designed to increase confidence, self-esteem, communicative ability and creative talents, through a carefully constructed, progressive drama syllabus in a fun-filled environment. Through this young people develop clear, articulate speech, a fluent delivery and the ability to converse and discuss in a creative manner. These skills will equip children to face the challenges of our complex world. Children with self-confidence can cope more readily with pressure and thus have a kick start for their life ahead!

By giving children opportunities to succeed in Drama, children start to believe in themselves. Instead of believing they can't do things, and begin to believe in themselves and their own abilities. We have found that some of the many consequences of the program are improved concentration at school, better relations with peers and most importantly a positive outlook in life.

Looking forward to see you all on Tuesday!

Kind Regards,

Maija Lamu and Jaylan El Zoheiry

Principals of the academy
